## **Seahorse Scientific Services (UK) selected to implement national Regulatory and Ethics Structure**

Seahorse Scientific Services (S3), UK based expert core laboratory data services and regulatory support provider has entered into an agreement with the federal Health Ministry of Pakistan to implement a national Ethics Committee and Regulatory infrastructure.

Seahorse Scientific Services will assist the Ministry of Health and selected medical institutions to implement internationally recognised clinical development practices. These developments will enable the establishment and growth of an advanced clinical research sector within Pakistan.

### **About S3**

Founded in 2007, Seahorse Scientific Services is a privately owned, academically centred laboratory data services and Regulatory Support Company specialising in the provision of centralised reading and data capture services for early and late stage clinical development. S3 was created to offer consultative services to the Pharmaceutical, Biotechnology and Device companies to investigate and rapidly determine the potential of new and existing products.
